

Your name: \_\_\_\_\_

**EE 403W**  
**Portable Arcade Controller Feedback Survey**

**Purpose:** This optional, non-binding feedback report is used to assess your experience with the video game control panel brought to the PSAO Gaming Night on Wednesday, December 1, 2010. Any information you provide will be kept confidential; your name will only be used to tally the responses given by all participants.

**Reporting method:** I, Kevin Lin, am performing this survey to help collect data for an EE 403W final report on my capstone senior design project, a full-scale controller designed for arcade-style video games.

---

---

**Directions:** Read each of the following questions carefully and write down your response.

---

---

**Question 1:** Which video game(s) did you play using the control panel tonight?

**Question 2:** Was the layout of the panel and its controls appropriate for the game(s) you played?

**Question 3:** If you played alongside someone else tonight, how would you consider the overall experience?

**Question 4:** Can you describe what you consider positive feature(s) of this control panel?

**Question 5:** Can you suggest any necessary improvement(s) for this control panel's design?
